

PICK CLASSES-Summer 2023

Class	Description
Something Artsy	Something Artsy is all about camper's freedom to explore their creative side and let their imaginations run wild. Campers will have a variety of materials to choose from to decide what they want to create. Our Staff will provide optional projects to follow or campers can choose their own path. Our class is all about having fun and expressing oneself through art. There's no pressure to create anything specific or follow any particular rules. We encourage campers to let their creativity flow and see where it takes them. We can't wait to see all the amazing projects campers come up with!
Something Active	Something Active focuses on having fun and staying active through a variety of PE-style games and activities. We might play a game of dodgeball, work on our teamwork with a game of capture the flag, play Spy Ball, or Jedi. Campers in Something Active will rotate through PE-style games, Gaga, 9Square, inflatable obstacle courses, tag games and so much more. No matter what we're doing, the goal of this class is to have a blast while staying active and healthy. We'll be working up a sweat, but it'll all be worth it when we're having a great time. Let's get moving!
Something Brainy	In Something Brainy, we'll be exploring all kinds of cool and exciting projects that combine STEM and Maker Space- all using both new and recycled materials! Each day, we'll have a different theme or challenge to work on. Maybe we'll build a maze using cardboard and paper clips, or design and construct a miniature roller coaster using recycled bottle caps and popsicle sticks. The possibilities are endless, and we'll be getting creative and using our problem-solving skills to come up with unique solutions to each challenge. We'll also be doing our part to help the environment by using recycled materials instead of buying new ones. And of course, we'll be having lots of fun along the way. Let's get making and creating (while being eco-friendly!) this summer!
Something Dramatic	In Something Dramatic, we'll be exploring all kinds of fun and creative ways to perform and express ourselves. Throughout the week, we'll work on skits, lip syncing, karaoke, yoga, and dance. We'll even have a special Talent Show at the end of the week where we can showcase all of our hard work and creativity. But it's not all about the performing - we'll also be working on our confidence, teamwork, and public speaking skills. And of course, we'll be having lots of fun along the way! Let's put on a show this summer!
Something Green	Something Green is all about exploring the great outdoors to explore the wonders of nature. Each day, we'll go on a hike along our beautiful nature trail and creek, where we'll have the chance to see all kinds of amazing plants, animals, and other natural wonders. Campers will participate in a variety of nature-based activities, such as building a shelter out of sticks and leaves or making art projects using materials we've gathered from nature. We'll also be learning about the importance of protecting and preserving our natural environment. We'll discuss ways we can all do our part to take care of the earth, and have a greater appreciation for the beauty around us. Let's go for a walk together and get back to nature!
Something Sciency	In Something Sciency, we'll be getting our hands dirty and our brains working as we explore all kinds of weird and exciting science experiments that are perfect for campers of all ages. Each day, we'll tackle a different topic and conduct a series of simple (but super fun!) experiments. Maybe we'll mix up some gooey concoctions, or build an erupting volcano. There's always something new and exciting to try! We'll be encouraging campers to think outside the box and come up with their own ideas for experiments. We'll be getting messy and having a blast as we learn about the world around us. Let's get scientific!
Something Sporty	Something Sporty focuses on developing specific skills in a variety of sports, including soccer, basketball, hockey, wiffleball, and kickball. Each day, we'll dive into activities designed to improve our skills in each sport. Whether you're a seasoned athlete or just starting out, there's something for everyone in this class. But it's not all about hard work - we'll also be having lots of fun! We'll play games and scrimmage to put our new skills to the test and see how we stack up against our fellow campers. Get your game on!
